

"A friend in need is a friend indeed." This is an old proverb, but as true as it is old. Here is just such a friend.

Never be without it. Keep it close at hand all the time.

Ayer's Cherry Pectoral

It will prove a good friend when you have a fresh cold, bringing immediate relief. You will find it equally true in old colds, bronchitis, whooping-cough, asthma.

And you will declare it "the best friend in the world" if you will use it for an irritable throat or weak lungs. It acts as a strong tonic, clearing up the throat, giving tone to the relaxed tissues, and greatly strengthening the lungs.

There are many substitutes and imitations. Beware of them! Be sure you get Ayer's Cherry Pectoral.

Two sizes. Large and small bottles.

The only desirable means of reaching the Volcano. Connections at Mountain View with stages daily—morning trains going; afternoon trains returning. Fare from Hilo for the round trip \$5. This route is through Olua plantation, the largest in Hawaii, virgin forests of koa and wild ferns, and through many coffee farms.

The natural wonders of Puna make that district the most interesting spot in Hawaii. One can spend a most delightful day exploring the underground caves, swimming in the famous Hot Springs and resting on the cool shores of Green Lake.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.

Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.

to the office and your right to perform the duties mentioned, are clear.

We further advise you that, as a public officer, it is your duty to regard your engagements with the people of this Territory, arising out of your said office, as a personal trust of a solemn, responsible and impressive character, and that you should personally execute, do and perform the duties of your said office, and not permit the functions of the same to be usurped by any person whomsoever. It is your legal right, and we believe it to be your duty, and so advise you, that you should forcibly expel from your office any, every and all persons who may interfere with you, or in anywise attempt to interfere with you in the discharge of your duties as Superintendent of Public Works, and to immediately discharge all and every employee or employees of said office who may refuse to execute your orders and directions, or who may directly or indirectly assume such a position as to detract from your title to the office, or which may impede or obstruct you in the due administration of your said office.

We have said that you have the right to forcibly expel from your office any person who may interfere with you in the due execution of your duties as Superintendent of Public Works; to make this more precise, we will add that this advice is given particularly with reference to one H. E. Cooper, who is now unlawfully assuming to discharge the duties of your station, by giving orders and directions to the employees of your office, by publishing notices over his subscription, and by subscribing himself Superintendent of Public Works and otherwise exercising a general superintendence and control over the affairs of said office. If Mr. Cooper should enter your office and attempt to give any direction, order or command to any of the employees of the office, you should request him to leave at once; should he decline to do so, it will then be your right and duty to expel him, as you would any other person under similar circumstances, using as much force as may be necessary to effectuate the expulsion.

This advice is given you after a careful examination and consideration of the premises, and you may safely act upon it.

Very truly yours,
HUMPHREYS, THOMPSON & WATSON.

ORDER OF SUSPENSION.

Oct. 29th, 1902.

Mr. James H. Boyd, Superintendent of Public Works, Honolulu, T. H.

Sir:—Your letter of October 28th, in reply to mine of same date, asking for your resignation of the office of Superintendent of Public Works, in which you express the intention of resuming the duties of such position, has been received.

For the reasons set forth in my said letter and in view of your expressed intentions of resuming the function of Superintendent of Public Works, I hereby by virtue of the authority in me vested by law, more particularly by sections 67 and 68 of the Organic Act, suspend you from such office.

Very respectfully,
SANFORD B. DOLE.

Philippines at St. Louis.

Manila, October 20.—The Civil Commission will probably increase the Philippine appropriation for the St. Louis Exhibition exhibit by \$100,000, making the total \$350,000. Fair Commissioner Barrett has addressed a meeting of Filipinos, which was arranged by Governor Taft, on the subject, and the sentiment of the meeting was in favor of the increase.

Ex-Bandit Suicides.

St. Paul (Minn.), October 19.—James Younger, formerly a member of the notorious James band of outlaws which infested the western country a quarter of a century ago, committed suicide today by shooting. He left a letter to the press in which he gives as a reason for his act despondency over continued ill health and separation from his friends.

MINERS END STRIKE.

Accept Arbitration Plan by Unanimous Vote After Debate.

Wilkesbarre (Pa.), October 21.—With a shout that fairly shook the convention building, the representatives of the 147,000 mine workers who have been on strike since last May, officially declared off at noon today the greatest contest ever made between capital and labor, and placed all the questions involved in the struggle in the hands of the arbitration commission appointed by the President of the United States.

When the news was flashed to the towns and villages down in the valleys and on the mountains of the coal regions the inhabitants heaved a sigh of relief. Many days have gone by since such welcome news was received. Everywhere there was rejoicing, and in many places the end of the strike was the signal for impromptu town celebrations. The anthracite coal region, from its largest city—Scranton—down to the lowliest coal patch, has suffered by the conflict and everyone now looks for better times.

While the large army of mine workers and their families, numbering approximately a half million persons, are grateful that work is to be resumed on Thursday, the strikers have still to learn what their reward will be. President Roosevelt having taken prompt action in calling the arbitrators together for their first meeting on Friday, the miners hope they will know by Thanksgiving day what practical gain they have made.

The vote to resume coal mining was unanimous and was reached only after a warm debate. The principal objection to accepting the arbitration proposition was that no provision was contained in the scheme to take care of those men who would fail to get back their old positions, or would be unable to get any work at all. The engineers and pumpmen get better pay than other classes of mine workers and they did not wish to run the risk of losing altogether their old places and being compelled to dig coal for a living. This question came up yesterday and was argued right up to the time the vote was taken. No one had a definite plan to offer to overcome the objection and the report of the committee on resolutions, recommending that the strike be declared off and that all issues be placed in the hands of the arbitration commission for decision, was adopted without the question being settled. A few moments before adjournment, however, a partial solution was reached, when a delegate from the furthestmost corner of the hall moved that the problem be placed in the hands of the executive boards for solution, and his suggestion was adopted.

Britain Leases Holdings.

New York, Oct. 17.—A cable to the Sun from Brussels says: A private dispatch from Lisbon reports that the King of Portugal has leased Portuguese Southeast Africa to Great Britain for ninety-nine years. The Portuguese flag will continue to fly over the territory, but it will be for the sake of appearances only.

CHAMBERLAIN'S COUGH REMEDY is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous results. It is especially prized by mothers because it contains nothing injurious and there is not the least danger in giving it, even to babies. It always cures and cures quickly. The Hilo Drug Store sells it.
